MAKE THE FIRST STEP AT AQUARIUS

Join us by the pool to meet fully PADI certified diving instructors. If you never tried scuba diving but always wanted to or if you are just curious, it is a good occasion to discover it in a gay and friendly ambiance.

Gay instructors come with all their equipment to explain to you and show you how to dive and then if you feel comfortable, just get a wet suit, fins, a bottle of oxygen and join them in the pool to get your first underwater experience.

Not so many fishes to see in our pool but still, you will certainly not forget your first underwater trip.

And guess what, this is totally free !
